CAPE COD'S GREAT WATERWAY

The courage and vision of the earliest settlers is always surprising. Three years after the Pilgrims landed at Plymouth, Miles Standish stood on the heights and envisioned a canal so as to provide an easier way to trade with the Dutch in New Amsterdam. Until 1862, a lock canal was favored because of the tidal difference which would cause a swift current. Excavation was begun on June 22, 1909 on a sea level canal of 17.4 miles. In 1935, the depth was increased to 32 feet and the canal was widened. It is the world's widest. The current shifts every six hours and is strong. Miles Standish would be amazed to behold it.

spoke on behalf of the group and asked what Town Counsel's opinion was on the article (51) in this week's annual town meeting. Selectmen Chairman Bernard F. Talty said Town Counsel Donald J. Fleming found the article satisfactory. The Board had no other additional information to add from the Housing Authority. "We have not been advised of anything," Selectman Talty said.

Mr. Costa explained the group followed the Selectmen's suggestion and went to the Authority's April 13th meeting. "We posed questions on their intentions relative to the state grant for funds for elderly congregate housing, 705 low income housing and 680 special needs housing." He noted the whole package must be accepted for complete funding. "We discussed this problem of the Housing Authority taking town-owned land and our rights to public information. We contacted an attorney who wrote to Ms. June Mendell, Executive Director of the Housing Authority, who gave her permission to examine documents relating to the grant and town-owned property."

Mr. Costa said one of the conditions of the grant was to set up a citizen advisory committee, which was never done; just a letter to abutters on Long Plain Road. "We also found out by contacting the State Housing Authority that Special Needs housing would house the mentally ill with drug or alcohol related problems and not mentally retarded as Ms. Mendell informed us."

During the lengthy discussion a question was asked about the legality of the article passed at the 1988 annual town meeting whereby the Housing Authority received voter approval to apply for the grant for

Elderly Housing.

Selectmen agreed to seek Town Counsel's opinion on the 1988 article which seeks only permission to apply for elderly housing and does not mention special needs or low income housing. "They deliberately left that part out," said Mr. Costa.

Mr. Costa explained the Authority had 30 potential town-owned sites; they picked two. The first was on County Road (Route 6) next to the new police station; however, this was discarded for future potential town use. The second was Long Plain Road. Also considered was private land on Route 6 and Brandt Island Road for 12 units of family rental housing. Other areas that have been looked at are Crestfield Street, Harvey Orchard Lane and Parker Street. These were determined to be too remote. "Where is the logic?" asked Mr. Costa; "they are closer to the village than Long Plain Road."

Mrs. William Burnett, 45 Long Plain Road, stated she felt the whole situation is secretive. The information the public is given is not the same as what happens at the authority meetings. "We shouldn't go to town meeting with so little information." She said she spoke to Ms. June Mendell as to why the citizens were not informed. She said Ms. Mendell said it is the responsibility of the townspeople to find out; people should look it up. "I feel Ms. Mendell is acting alone and is deceiving us", Mrs. Burnett said.

Mr. Costa said the eight bedroom duplex for special needs would have persons with drug or alcohol related secondary problems. "I would be very concerned for my children. Even with 24-hour supervision, and taking the persons away by private transportation for 8 hours per day to work, they will be at the facility for the rest of the day."

discuss the harbor mooring rules and regulations to be voted at the annual town meeting. Selectmen accepted the regulations with the exception of the grandfather clause referring to the fact some people have a storm mooring as well as a regular mooring. The Harbormaster defended the storm moorings saying they have had them for quite a while and many times a regular mooring will not hold a boat in a storm.

Selectman William F. Hubbard said, "This isn't fair to those people waiting for a mooring. I will not vote for that regulation." The Harbormaster was asked to report on who and how many (non-commercial) double moorings there are in the harbor.

On a similar matter, Charles Soares met with the Board and Harbormaster to discuss his inability to contact the Harbormaster on a new mooring in April for a $40,000 boat he plans to buy. Mr. Mach responded saying, "I answer all calls left on my answering machine. All it would have taken was a phone call and not stopping me all over town. Perhaps Mr. Soares misunderstood when I said I would try to get a mooring in April, as most moorings are placed out in May." Selectmen noted the problem seemed to be one of lack of communication.

built thereupon.

The Town Conservation Commission recommends that the town accept the generous offer and that Selectmen sign the draft easement. The easement contains several restrictions on the use of the property, but it does allow the cultivation and harvesting of flowers and shellfish; the planting of shrubs and other vegetation not to exceed four feet in height and the mowing of grass; the installation and maintenance of existing underground storm drains and utilities.

The property may be used as a beach and boat launch or facility for Dorothy Boardman, her heirs, beneficiaries of Earl Boardman Revocable Trust and the owners and residents of Holly Woods and members of any owners' association or corporation entitled to use the premises. Certain grantees may use for bathing and recreation, the strip of beach situated between Fairfield Avenue and Euclid Avenue.

Town Administrator Lois K. Ennis said one lot assessed at $182,500 could possibly be buildable; the $92,800 and $111,900 lots are unbuildable. The proposed easement draft will be sent to Town Counsel for review and opinion.

MET WITH Fire Alarm Superintendent Paul M. Kelley regarding bills for the work tranferring lines from town departments to the control center at the new police station. Funds for the work will come from the police station building contingency funds.

Mr. Kelley thanked the Continental Cablevision Company for the use of its bucket truck on Sundays to change the lines. A letter will be sent by Selectmen to the cable company extending the thanks of the Board of Selectmen and Mr. Kelley and Fire Chief Donald C. Wood.

Selectman John N. DeCosta commented that in the 40 years he has cared for veterans' graves nothing like this has ever happened.

Chief Moran said, "We have officers watching the area, and we are making every effort to find the vandals." He agreed the actions are those of pranksters and that there was no evidence of any satanic activity. He also noted that Wolf Island Cemetery had been hit but the damage was not so extensive.

Cushing Cemetery Caretaker Milton Heuberger, Sr. said Rex Monument Company has had workers at the cemetery uprighting the gravestones and repairing them where they were split.

Statement by the Board of the Housing Authority

OF MATTAPOISETT - APRIL 27, 1989

The town deserves a full and complete discussion of the matters of housing for the elderly, affordable rental housing and housing for those who are mentally ill or retarded.

The town deserves first-hand information from qualified representatives of the state which is promulgating these programs, in order that it may have in hand all the facts necessary for an informed decision.

All sides of the issues involved deserve a chance to be heard. Those who, because fate has been less kind, have experienced the trauma of dealing with a loved one's mental illness or retardation handicap deserve the right to be heard. We know that there are town families who need affordable rental housing. They, too, have a right to be heard. Those with a concern for the elderly are entitled to their say about the need for and the quality of congregate housing for the elderly.

In conjunction with its Advisory Committee, this Board will conduct public hearings to ensure that the town's decision is a reasoned one and based upon the best

"Kids on Broadway" is a celebration of musical numbers sung and danced by kids in such Broadway extravaganzas as "Annie", "Oliver!", "Peter Pan", "Grease" and "The Sound of Music". Surprisingly, directors Susan Layton and David Boyce found fewer shows than expected that catered to kids, but after careful research, the show will also feature songs and dances from "Oklahoma!", "A Chorus Line", "The

Surplus Food: New Applications

ISSUING NEW CARDS

The Mattapoisett Council on aging has been taking new applications and issuing new cards for recipients who qualify for surplus food.

We have given everyone ample time to contact the office and recieve a new card, which is a necessary requisite for obtaining commodities.

The date of commodity distribution at the American Legion Hall is May 16th, at which time the following items will be disbursed: flour, butter, canned pork, vegetable beans, and egg mix. If you have not secured a new card, you may do so at the site. However, this will be an inconvenience for you as you will have to wait until the ones who have previously signed up are taken care of.

There is still time to come into the office for this service and will eliminate any chance of not receiving your surplus food.

We urge you to apply now. Do not wait

Types of verification of eligibility are: ADVC, Medicaid, Welfare, Headstart, Veterans' Benefits, unemployment, fuel assistance, food stamps, SSI, Social Security and WIC. If you are employed, your last week's pay stub should be presented.

This verification is important so we can determine if you are within the income guidelines. For a single recipient, the income guideline is $8,655.00 yearly and for a couple it is $11,595.00 yearly.

These commodities are not only for the elderly, but for anyone who meets the income guideline.

"Reassurance" Program

One of the most important services offered by our local Police Department is the "REASSURANCE PROGRAM". Any elder can call 758-2323 between the hours of 6 and 10 a.m. to let the office know that all is well. If no call is received before 10 o'clock, the police will then try to call you. If there is no response after several tries, they will send a patrol car to check on your well-being.

Currently, there are more than 25 seniors taking advantage of this program.

If you would like to have your name added, please call the Council on Aging office between 9 a.m. and 12 noon Monday through Friday (758-3758) and we will get the necessary forms for your convenience.

Announcing! Fair Magic!

Hearty congratulations to Joshua (first grade) and Andrew (kindergarten) Smith. Recently their name for the June 3rd Parent-Teachers' Club Spring Fair was chosen from among 70 entries! The P.T.C. thought that Fair Magic best captured the spirit and excitement of the day. Andrew and Josh will receive free lunch, face paintings, and $5.00 worth of tickets. The two runners-up were Kelly Hughes (grade 1) who suggested Spring and Sprint Fair, and Janelle Almeida (grade 4) with Kid Country Fair. They will both receive free lunch. The P.T.C. warmly thanks all the children who offered their ideas. It was a very difficult decision!

Fair Magic will occur exactly one month from today, Saturday, June 3rd, at Center School.

The Fair opens with Kathy Mahoney's third Annual Mile Fun Run at 9:30 a.m. Oil up your baby strollers and dust off your running shoes! Prizes will be award-

In other events the following took places: Shot - Tyson; Javelin - Reardon; Long Jump - K. The coaches were extremely pleased with the start of the season due to there being so many new and young girls on the team. With the Spring weather having started so wet there were not enough opportunities to get in solid, daily workout. The young girls have responded well, have committed themselves to working hard, and have had some good direction from the upper classmen.

Veterans' Up-Date

ONE TELEPHONE CALL CAN PREVENT VA UNDER OR OVERPAYMENTS

Veterans receiving monetary benefits from the Veterans' Administration can prevent under or overpayments with just one phone call, according to Providence VA Regional Office Director John Montgomery.

If a veteran attending college gets married, his benefits will increase. Also, if he drops a course, the benefits will decrease. If the VA office is not notified,

the difference could mean a great deal to the veteran.

In the case of an overpayment, the veteran would be legally obligated to pay back the amount of overpayment. The VA's payments for veterans' benefits can be no less, and no more, than the amounts established by law and regulations.

The solution to over or underpayments is simple. Tell the VA if you have a change in your income, the number of your dependents, or the number of credit hours you are taking at school. If you receive a VA pension, tell your survivors to inform the VA if you die.

"With one telephone call to the VA you can be sure that you are receiving the correct payment of your veterans' benefits", Montgomery said.

The Providence VA Regional Office may be reached directly by calling 401-273-4910 or toll-free 1-800-322-0230. In Massachusetts call 1-800-556-3893. Mattapoisett and Rochester residents may call 758-3789.

Center for Human Services

THIRD IN SERIES OF AWARENESS HOURS

Local residents are invited to the third in a series of awareness hours being sponsored by the Marion Center for Human Services. This upcoming session will focus on issues related to women and alcohol and will be held on Saturday, May 6th, from 10:00 a.m. to 12:00 noon at the Marion Center's offices, 335 Wareham Road in Marion. The event is free of charge, although donations are welcome.

A film will be shown entitled "Women and Alcohol: Through the Drinking Glass". Narrated by actress Carol Burnett, this film is a portrait of four different recovering women alcoholics. The film discusses the pressures and role expectations that can contribute to women's alcohol dependency, explores society's changing views of alcoholism in women, and portrays the many rewards of life in recovery.

A question and answer period will follow the film, facilitated by Nancy Mahoney, Marion Center Executive Director, and by Robin Cambra, Marion Center staff member and alcoholism counselor.

"Because of societal views and pressures," comments Ms. Mahoney, "women alcoholics face some particular obstacles in seeking treatment -- and face some particular challenges in recovery. I see this awareness hour as a time for participants to explore some of those issues, to share their own experiences, and to find some support."

Ms. Mahoney adds that while this awareness hour will be of special interest to recovering women alcoholics, it is open to anyone who would like to learn more about issues related to alcoholism in women.

Tobey Hospital

TOBEY OFFERS FREE HEARING SCREENINGS

Do you find that sounds seem less distinct as you get older? Are you worried that your child may have experienced hearing loss because of recurrent ear infections?

Area residents can take advantage of free hearing tests on Wednesday, May 17th, sponsored by Tobey Hospital and In-House Hearing Services. The program will be from 9 a.m. to 4 p.m. in the Stillman Library at the hospital.

The free screenings are being offered as a public service to commemorate Better Speech and Hearing Month. Hearing aid specialists from In-House Hearing Services of Wareham will test hearing and answer any questions.

One out of every seven Americans has some degree of hearing loss and for over 14 million people, that loss is severe enough to interfere with daily functioning.

Hearing loss can affect anyone at any age. During childhood the most common cause is "otitis media" or middle ear infection, often accompanied by chronic fluid build-up in the ear. This is one of

the most important causes of deafness because it often occurs at the time when children are acquiring important language skills. It is a problem that is progressive and sometimes overlooked.

Everyone, and particularly teenagers, should be aware of the effect loud noises have on hearing. Continued exposure to loud noises, such as blaring music, or loud machinery, causes permanent damage that results in what is referred to as "nerve deafness".

As people age, they often experience hearing loss known as "presbycusis", responsible for the largest percentage of all hearing problems. This is a hearing impairment that usually happens gradually and may be also related to exposure to noise. Other causes of hearing loss include certain types of drugs, problems caused by injuries or illnesses, and hearing impairment that occurs from birth, either because of heredity or an infection the mother contracted while pregnant.

Early detection of hearing loss is important, particularly in children who are acquiring language skills. Treatment usually restores some hearing. Often people can be helped by hearing aids, which must be individually prescribed. In-House Hearing Services provides comprehensive hearing aid services using a team of "certified, state licensed hearing and speech professionals", according to Gene W. Pizzolato, M.S., CCC.

For further information on the free screening or a free brochure on hearing loss, call In-House Hearing Services at 291-1333 or Tobey's Public Relations Office at 295-0880, extension 205. An appointment for a free hearing test is helpful but not necessary.

Lecture: Growing Perennials

Deborah C. Swanson, Horticulturist at the Plymouth County Cooperative Extension in Hanson, will present a slide/lecture on "Growing Perennials" on Tuesday, May

eye talk

Q. What should I get for my money when I have my eyes examined?

A. You should get tests to determine how well you see at far and near distances; whether or not vision problems like nearsightedness, farsightedness or astigmatism are hampering your ability to see; how well your eyes work together as a team; and how well you can change focus from near to far and vice versa.

You should also get eye health tests, including one for glaucoma, if you are over 35 or have a family history of this disease. The optometrist also can detect signs in the eyes of general health problems like high blood pressure and diabetes.

There may be other tests, depending upon the results of the basic examination.

Expect all this to take from 30 to 60 minutes and be prepared to discuss your general health history.

Shriners Testimonial Banquet

A check totaling $7,150 was given to the Shriners Hospitals for Crippled Children Burns Institute, Boston Unit, resulting from a festive banquet fundraiser honoring Rev. Oscar A. Guinn, Jr., Westport for his outstanding volunteer work with the Burns Institute, his incredible civic involvement with many Masonic organizations and Rotary Clubs.

The banquet was held at the Hawthorne Country Club, and through the generous efforts of the club, along with many contributions from local businesses, $6,150 was raised after expenses, and the Grand Master of Massachusetts, Albert T. Ames, donated an additional $1,000 bringing the total to $7,150.

A String Quartet performed for the event, and an auction of many excellent items followed.

Lloyd Center

HELP FOR SEAL

Early in the afternoon on Friday, April 21st, the Lloyd Center was called with a report of a seal on Round Hill Beach (the town beach in Dartmouth). Perry and Joan Ross of South Dartmouth said the seal seemed to be ill, barely able to raise its head. The Lloyd Center Marine Mammal Stranding and Recovery Team went into action by heading to the beach to confirm the sighting and to try and establish the size and species of seal.

Lloyd Center Research Assistant John Hill was the first team member on the scene. The seal was young and apparently hungry. The seal had been on the beach for several hours and had traveled up and down the beach for approximately 40-50 feet, possibly chased by a dog.

GARY CHARPENTIER, MATTAPOISETT 758-9334

After conferring with the New England Aquarium, it was decided we would go to the beach and try to bring the seal back to the Center where we would hold the animal overnight. The Aquarium coordinates the Marine Mammal Stranding Network for New England and is capable of taking care of injured animals.

Since seals weigh more than one hundred pounds even when young, the Center wanted to get as close to the animal as possible prior to picking it up. We therefore contacted the Town of Dartmouth about access to Round Hill Beach. The Department of Parks sent workers with a key to the beach and several Center staff met them there to look for the seal. Unfortunately, by the time the Lloyd Center staff people arrived, the seal had gone back into the water. We are unsure why it went back into the water after spending so many hours on the beach. There were dog tracks nearby and the seal may have been frightened into the water by a dog. Seals usually only come onto beaches when they are ill or injured so this observation of a seal was rather unusual.

The Lloyd Center is the local representative of the Marine Mammal Stranding Network for the area of Buzzards Bay and

southeastern Rhode Island. If you see a seal, whale, dolphin or porpoise on the beach, either alive or dead, please give us a call at 990-0505. Prompt attention to animals that are alive may save their lives, while information gathered from dead animals can help us to learn more about these creatures' habits.

Birdwatching Course

"Introduction to Birdwatching", a mini-course taught by ornithologist Steve Reinert, will be offered by the Lloyd Center for Environmental Studies on Saturday, May 20th, from 9:00 a.m. to 2:00 p.m. The course will focus on the identification of 25 common birds found locally, and will also discuss how to attract birds all year round.

The program is open to the public, and a fee of $15. is charged ($10. for Lloyd Center members). For more information or to register for the course call the Lloyd Center at 990-0505.

Wildflower Walk

It is said that April showers bring May flowers. If the old adage holds true, then the rains that fell in April will blanket the woods and fields with fresh wildflowers in time for the Lloyd Center's weekly walk, Spring Wildflowers. The walk is scheduled for Sunday, May 14th, from 1:30 until 3:30 p.m.

Bette Low, local naturalist and Lloyd Center Senior Instructor, will lead the walk and teach participants how to use field guides as they search close to the ground for herbaceous wildflowers just starting to bloom and examine the little known world of tree and shrub flowers.

John with such hits as "Such a Night" and "Right Place, Wrong Time".

Jan & Dean, "the legendary surf-rockers", are known for their 60s' hits, "New Girl in School", "Baby Talk to Honolulu Lulu" and "The Little Old Lady (from Pasadena)", and "Surf City". Both native Californians, Jan Berry and Dean Torence began their musical career back in the early 1960s. Their career came to an abrupt halt at its peak when Jan was seriously injured in a car accident in 1966. The duo came back together in 1978 for a Beach Boys' tour and have since performed their California music around the world.

The Zeiterion Theatre is located at 684 Purchase Street in historic, downtown New Bedford.

Summer of Broadway Musicals

SUBSCRIPTIONS ON SALE FOR
1989 SUMMER OF BROADWAY MUSICALS

The Zeiterion Theatre announces that subscriptions are now on sale for the 1989 Summer of American Broadway Musicals, which will include "Chicago", "Guys and Dolls" and "Oklahoma!".

From the creators of "Cabaret" and the hit song "New York, New York", "Chicago, A Musical Vaudeville" will open the Zeiterion's Summer Season. This Broadway musical extravaganza recreates the honky-tonk Chicago of the 1920s gold plated with great music, laughter and vibrant dance. An era of shimmying flappers, gangsters and bootleg booze, "Chicago" features the hit songs, "All that Jazz", "Funny Honey" and "Razzle Dazzle". "Chicago" will be presented Thursday, July 6th, at 8:00 p.m., Friday, July 7th, at 2:00 p.m. and 8:00 p.m., and Saturday, July 8th, at 2:00 p.m. and 8:00 p.m.

Regarded as one of the best musicals ever written for the American Theatre, "Guys and Dolls" is a musical fable about the underworld of tinhorn gamblers, sentimental chorus-girls and a Salvation Army girl bent on saving the racketeers and prowlers of New York's Times Square.

"Guys and Dolls" is based on a Damon Runyon story. Funny, enchanting and as entrancing as ever, the show's hit songs include "Fugue for Tinhorns", "Luck Be a Lady Tonight", and "Adelaide's Lament". "Oklahoma!" is one of the most popular musical comedies in American Theatre history. A romantic tale of the prairies in the early years of this century, the show's hit songs include "Oh, What a Beautiful Morning", "The Surrey with the Fringe on Top", "People Will Say We're In Love", and "Oklahoma!". Opening night of "Oklahoma!" is sponsored by Bank of New England-South.
